Solace changes lives

Solace is a leading specialist charity in the UK supporting women and girls experiencing domestic abuse and sexual violence. We provide a range of services from advice, rape crisis, housing, refuge and therapeutic work as well as working with both women and children to raise awareness and with some of the most vulnerable and complex women in London.

Last year we supported nearly 30,000 women and children, including more than 1,000 in our refuges, 14,465 in our frontline services and a further 14,740 in our prevention services. In addition we provided training to thousands of people and continued our campaigning work to help create a safer future for all women and girls.

We don't do this alone, we work in partnership with more than 40 other organisations and with the support of over 100 volunteers. We are also helped by a number of individuals and businesses who share their time and expertise with us for free.

Our priority is always our service users, the women and families we work with. Our vision is always a world where everyone is able to live safe and independent lives free from gender-based violence, abuse and exploitation.

Solace offers vital ongoing support to survivors, helping them recover & rebuild their lives through advice, counselling & practical help.

Solace provides safe refuge accommodation to hundreds of women & children made homeless through domestic abuse.

Solace supports over 30,000 women & children every year to live life free from abuse.

Over 90% of service users feel safer & more confident after accessing our services.
